

WHY TIJUANA?

The MINEC Implant Center is a state-of-the-art facility dedicated to live surgical training and education. Equipped with modern surgical suites, digital workflows, and a highly supportive team, it provides the perfect environment to gain intensive clinical experience with real patients.

SPACES ARE LIMITED

to maintain high levels of supervision and case access.

WHO IS THIS FOR?

Designed for dentists who want to dramatically accelerate their confidence and competence in implant dentistry:

- GDPs beginning their implant journey
- Dentists already on a mentoring pathway looking to expand their surgical scope
- Clinicians seeking an international training experience with a structured, supported environment

"Unlike short workshops or purely observational courses, this program is built around real surgical delivery with live patients, ensuring you return with the competence and confidence to expand your implant practice immediately."

PRICE

£11,995

Includes hotel, food, supervision and teaching.

A non-refundable deposit of **£2,500** is payable upon booking.

OUR LEAD MENTOR

**SAMI
STAGNELL**

**SPECIALIST
ORAL SURGEON**

Specialist Oral Surgeon Sami Stagnell will lead this unique 5-day mentoring program, sharing his extensive clinical experience and passion for implant education.

Mr Sami Stagnell is a GDC-registered Specialist Oral Surgeon with expertise in oral surgery, implant dentistry, education, and clinical leadership. He graduated from King's College London Dental Institute in 2009 and completed specialist training in Oral Surgery through the Wessex Deanery, gaining the Tri-Collegiate Membership in Oral Surgery (MOraISurg) from the Royal Colleges of Surgeons of England and Edinburgh in 2016. Sami is Clinical Director of SmileKind Specialist Referral Clinic in Bournemouth, providing specialist oral surgery and implant dentistry for both NHS and private patients. His clinical interests include complex oral surgery, dental implants, conscious sedation, digital workflows, and clinical governance.

Alongside clinical practice, Sami is Senior Clinical Lecturer and Course Lead for the Postgraduate Diploma in Dental Implant Reconstructive Surgery at Brighton and Sussex Medical School. He is actively involved in postgraduate education, examining, mentoring, and workforce development, and serves as an Examiner for the Royal College of Surgeons of Edinburgh. Following specialist training, Sami completed one of the first national Clinical Leadership Fellowships with Health Education England and was awarded the prestigious International Team for Implantology (ITI) Scholarship at the Medical University of Graz, Austria. He has completed Master's degrees in Implant Dentistry, Aesthetic Dentistry, and Skin Ageing & Aesthetic Medicine, has authored over 45 peer-reviewed publications, and continues to contribute to research, education, and professional leadership within UK dentistry.
