Full Arch & Advanced Implants Masterclass

WITH
DR. YUSUF ALSHAFI
& **DR. RAID ALI**

Aims of the course:

To enable every participant to return home and confidently offer full-arch immediate-load treatment (All-on-X) as a routine service from the very next week.

Learning Objectives:

— By the end of the course you will be able to:

— Select and treatment-plan ideal full-arch candidates

— Perform a traumatic plan and perform alveoplasty in ideal position for full arch

— Place implants

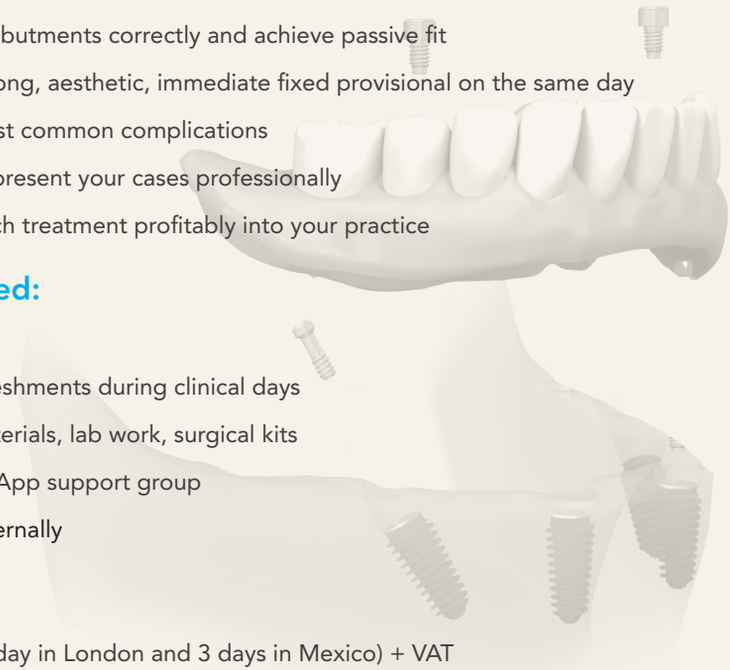

— Seat multi-unit abutments correctly and achieve passive fit

— Convert to a strong, aesthetic, immediate fixed provisional on the same day

— Manage the most common complications

— Document and present your cases professionally

— Integrate full-arch treatment profitably into your practice

What's included:

— 4 Nights

— All meals & refreshments during clinical days

— All patients, materials, lab work, surgical kits

— Ongoing WhatsApp support group

— All transport internally

Price:

£7995 (includes 1 day in London and 3 days in Mexico) + VAT

£995 (includes only 1 day course in London) + VAT

To book your space contact or **alga.zelda@megagen.co.uk** or **Whatsapp: 07495976632**

Yusuf Alshafi, BDS (Lond) MFDS RCSEd MSc (Dental Implants)

Dr Yusuf Alshafi is actively involved in postgraduate education and is an experienced teacher in implant dentistry and oral surgery through structured programmes, hands-on surgical courses and clinical mentoring.

He is a regular contributor to professional publications and clinical literature within the field of implant dentistry and is committed to advancing evidence-based practice.

He graduated from Guy's, King's and St Thomas' Dental Institute in 2007 and completed an MSc in Dental Implants in 2018. He undertook hospital training as a Senior House Officer in Oral Surgery and Restorative Dentistry at Guy's Hospital and obtained Membership of the Faculty of Dental Surgeons at the Royal College of Surgeons of Edinburgh.

His academic and teaching work is informed by a broad clinical background encompassing advanced implant and surgical procedures.

Dr. Raid Ali, BDS, IQE, MFDS RCSEd PG Dip (Cardiff), DipImpDent, MSc (implant)

Dr Raid Ali is an experienced implant dentist and educator who teaches implant dentistry in the UK and internationally. He is a Board Member of the Association of Dental Implantology (ADI) and the ADI Representative for Wales, reflecting his active role in shaping and supporting implant education nationally. He is a Principal at Restore Dental Group, where he has worked since 2013, and brings extensive clinical and mentoring experience to his teaching.

Dr Ali qualified in dentistry in 1996 and completed his IQE in the UK in 2006. He gained MFDS from the Royal College of Surgeons of Edinburgh in 2010 and a Postgraduate Diploma from Cardiff University and more recently a Diploma in Implant Dentistry. He is currently undertaking a Master's degree in Implantology.

Dr Ali is passionate about high-quality, ethical implant dentistry and is committed to supporting clinicians through structured education, practical training and mentorship.
